I am a community media advocate for Santa Cruz, California
interning at Community Television. We are producing shows that
are on the cutting edge of providing sustainable economic
alternatives for our community. We need to keep our local citizens
abreast of these issues.

**Please protect our diverse, locally controlled media, which
serves our communities! Society is becoming way too
disconnected. Let our local communities continue to stay
connected with local television shows.**

RE: Media Localism and Ownership Proceedings and Local Video Franchising

Dear Commissioners,

At your October 31st meeting, please protect diverse, locally controlled media which serves our communities. Keep current franchise contracts between cable companies and local governments in tact so the cable companies fees to municipalities and benefits to the public will remain the same. Also, please vote to make the media local. There should definitely be limits placed on media consolidation.

I look forward to hearing your decisions.

Sincerely,

Media Localism and Ownership Proceedings

Dear FCC

As a community media professional in Princeton, NJ I understand that the best way to preserve local media production is by limiting how much any one company own. That is why I urge you to protect the ownership limits in the media industry.

As the media companies serving the Princeton area have grown their attention our community's needs have dropped dramatically. The little local programming that remains must be protected.

Respectfully,

George McCollough
Director
Princeton Community TV
